

GLADSTONE

# Steel Plant Project

25 November 2009

## MEDIA RELEASE

### Steel project casts first newsletter

---

This Saturday marks another milestone for the Gladstone Steel Project, with the launch of the first edition of the project's newsletter.

Boulder Steel General Manager Carl Moser said the quarterly newsletter, GSP NewsCASTINGS, provided the community with the latest information about the US \$1.8 billion project, a timeline and a review of key activities undertaken by the project team in the past few months.

"This publication reflects our strong commitment to keeping the community well-informed about the Gladstone Steel Project," Mr Moser said. "The four page newsletter provides a comprehensive picture of what work has been done and what's happening next."

"GSP NewsCASTINGS, produced by Gladstone firm Cooper McKenzie Marketing, will be distributed as an insert in the Gladstone Observer this Saturday 28th of November, with an online version to be posted soon after on the Gladstone Steel Project website."
